KILLED IN GAMBLING ROW.

Mystery Surrounds Shooting of Two Men at Brunswick.

Brunswick, Ga., Sept. 11—Two men dead, two women held in jail as possible witnesses, and one man held for investigation, is the net result of a gambling row, which occured at an early hour Sunday morning on Lee street. All the parties were negroes.

The dead men are Aaron Lindsey and Jerry Bowton. Lindsey was shot in the right shoulder; the bullet ranging downwards. He lived five hours, but was unable to give details or any clew as to who killed him. Bowton was shot in the heart.

Early Sunday morning the police were notified that two bodies of negroes were lying in the street. The nearest house, occupied by Ella Berryman, and Eva Stevens, was abandoned. The floor of one room was strewn with cards and dice, showing a gambling game had been suddenly broken up. Sunday afternoon Chief Burney arrested C. Miller, a negro, known to have been at the house.

Blood was found on his clothes. One of the negro women confessed she was on the porch when the shooting occurred, but maintains it was a duel between the two men now dead.

County Police for Clarke.

Athens, Ga., Sept. 11.—Clarke county is in earnest about county police. The county commissioners find that under the law they cannot provide these policemen, and will ask the legislature to give that right at its next session. Meahwhile the country bailiffs have begun to offer their services free for a time. Bailiffs J. R. Williams and M. J. Martin, of Sandy Creek district, have offered to ride the district regularly for the next 30 days free of charge to the county. Other bailiffs will likely make the same offer. In this way a temporary arrangement will be made until the law can be changed so as to allow the regular employment of policemen, when at least 15 will be put on in this county.

Priest Shot Church Member.

Pittsburg, Sept. 11.—Rev. Father A Garstka, rector of the Polish Catholic church of Glassport, is under arrest for the shooting of Joe Klayenski, one of his parishioners, who is in the hospital seriously wounded. The shooting was the culmination of a factional quarrel in the congregation. The priest refused to give up certain church records, and the malcontents appointed a committee to secure them. Father Garstka persisted in his refusal, and the committeemen tried to obtain the books by force. The priest then shot Klayenski, ending the battle. Father Garstka gave himself up.

Twin Brothers Were Arrested.

Covington, Ga., Sept. 11.—Charged with being the principals in a riot which terminated in the killing of one negro and fatally wounding of another, Otis and Ernest Wood, twin brothers, were placed in jail by Sheriff Hay. The tragedy occurred at Negro Lane, near Mansfield. In the melee whisky bottles, pistols and shotguns were the weapons used, and when the smoke of the battle cleared away only two blacks were left on the scene, Rod Shepard, the dead one and Caphais Preston, whose body was riddled with bullets.

Husband Slays Wife and Lover.

Eua Claire, Wis., Sept. 11.—While a band was playing and shoppers were thronging the principal east side thoroughfare, a frenzied husband, firing as he chased his wife and a man through the crowd past the city building and around a corner to the front of a leading hotel, where the two fugitives fell dead, each pierced by two bullets. The pursuer then shot himself dying instantly. The man who did the shooting was Albert Tandler, and the other dead man was Milton Johnson.

Left Victim's Body in Road.

Richmond, Mo., Sept. 11.—Walter Endelee, son of Colonel E. D. Endelee of Ray county, was shot and killed on the highway near here by John Glass, his father-in-law. The men had not been on friendly terms. Endelee was unarmed and died almost instantly in the roadway.

MISS LAWRENCE ORDERS SUSPECT HELD

Visibly Excited While in Presence of Negro.

BLACK ANSWERS DESCRIPTION

Gus Watson, Now in the Tower, Believed To Be Assailant of Misses Lawrence—Will Be Held Until Miss Ethel Lawrence Can See Him.

Atlanta, Sept. 11.—Gus Watson, a negro answering the description of the assailant of Misses Mabel and Ethel Lawrence, has been in the Tower since Friday and Monday morning Miss Mabel Lawrence after seeing the negro requested that he be held.

Miss Lawrence was visibly excited when she came into the presence of the negro to identify him. For a minute she said not a word, then turned and left the cell. When in the hallway of the Tower Miss Lawrence whispered to her father to have the negro held and that she would like for her aunt to see him.

Mr. Lawrence stated that Miss Ethel Lawrence would not be able to visit the Tower as yet, and it was not thought advisable to take the negro to the Lawrence home. It will probably be several days, therefore, before the negro is definitely identified.

Watson was arrested Friday in the neighborhood where the assault was committed. He was taken in custody by Robert Haygood, who is with Crane's dairy. The negro had been in the neighborhood for some time, driving cows and is said to have formerly been employed at Key's dairy. He answers the general description furnished by the young ladies on whom the brutal attack was made.

Although arrested Friday, it was not until Monday morning that Miss Mabel Lawrence saw him. From her action officers believe that the negro will be positively identified when Miss Ethel Lawrence is able to see him.

A number of negro suspects have been before Miss Mabel Lawrence and each time she has without hesitation declared the negroes not to be the right one. When she saw Gus Watson Monday, however it was evident that she thought he was the brute who had attacked her and he aunt, until Miss Ethel Lawrence is able to Jews were killed and 3,000 were in- and she immediately told her father to have him held and that she would like for her aunt to see him.

Watson will be kept in the Tower until Miss Ethel Lawrence is able to see him, and if identified by her, will be brought to a speedy trial.

Put Body in a Well.

Culloden, Ga., Sept. 11.—Charles Fuller, a negro about 20 years of age, has been arrested here charged with attempted assault on the 12-year-old daughter of a prominent farmer living here. He was started to Forsyth in charge of an officer. When about 6 miles from here he was overtaken by a crowd of determined men who demanded the prisoner, the officer resisted, but was overpowered. The negro was taken away and in a short time about one hundred shot were heard. Search was made for the missing negro but he was not found until Monday morning. His body was found in an old well about one mile from where he was taken from the officer. He had been riddled with bullets and his neck was broken by the fall.

One Killed; Many Wounded.

Minden, La., Sept. 11.—As a party of negroes was returning home from a church 6 miles north of Minden, some one fired six shots into the crowd at close range. One negro was killed and several others were wounded. Rex Ramsey, a white man, is under arrest.

She Preferred Dying.

Abilene, Tex., Sept. 11.—Because her father had insisted that she attend school, Lillian Stevenson, a 14-year-old girl of this city, went to her room and swallowed carbolic acid, from the effects of which it is probable she will not recover.

SPECIAL RELIEF TRAIN.

Of Armored Cars Leaves Havana for Consolacion.

New York, Sept. 11.—A cable dispatch to a morning paper from Havana, says:

A special relief train of armored cars left Havana at 11:30 Sunday night for Consolacion. Colonel Clews said:

"The best advices say that Pino Guerera was driven east from Consolation. We are going as far as we can get on the western railroad, and expect to get the rebels between the batteries of the two trains. As there are no advices, it is difficult to tell exactly what we will do until we reach the scene. I take 180 men and four machine guns."

Captain Abbott, who started in charge of one of the batteries, said:

"We will take plenty of water and provisions for ten days, and have all arrangements made to avoid the difficulties that can be foreseen."

There are rumors on every side about the insurgents' plans to capture the city.

The story generally credited is that Colonel Asbert will bring his men into Vedado, while Pilo Guerara comes around by way of Guanabacoa.

BRYAN WRONG, SAYS WILLIAMS

Democratic Leader Opposed to Railroad Ownership Scheme.

Richmond, Va., Sept. 11.—The Times Dispatch telegraphed John Sharp Williams, minority leader in congress, at Yazoo City, Miss., for an expression of his views on Bryan's plans for government ownership of railroads receiving from Williams the following reply:

"I am opposed to government ownership of railroads, irrevocably, now and forever, in theory and in practice—a question concerning which Mr. Bryan, and I agree to disagree. But I see no good will be attained by rushing into print on the subject. We will simply vote it down if offered as a plank of the democratic platform. Meanwhile, let us not magnify democratic differences. There are so many things we are agreed upon—let us magnify them. Push them to the front if we can. Bryan is not infallible, and does not pretend to be. He is right about so many things, eloquently and greatly right, but absolutely and altogether wrong about this one thing, especially from the standpoint of racial peace and quiet in the south. Let us strongly regulate railroad rates, but not operate railroads."

$60,000 For Junk.

Washington, Sept. 11.—The sale of 7,200 tons of cast iron junk on the Isthmu of Panama for $60,000 recently, has encouraged the canal commission to believe they have a small fortune in worthless machinery purchased from the French canal company. The lot of scrap iron sold was assembled on a few acres of ground, which Chief Engineer Stevens found it necessary to clear in order to construct new switching yards for the Panama railroad. One of the officials of the canal commission said that there were 30 miles of ground strewn with similar machinery.

Alleged Murderer Arrested.

Hartford, Conn., Sept. 11—Francis Curlin, 17 years old, the alleged murderer of Robert Jardine, of this city, was arrested at the home of his aunt, Mrs. John Griffin, in Manchester. He was brought back to this city. Curlin is said to have lost his temper during a dispute with Jardine Saturday night over a baseball game and to have cut Jardine's throat with a razor. When taken to the police station Curlin was apparently in good spirits, laughing and chatting. He was given a hearing on Monday.

Accidentally Kills His Brother.

Brookhaven, Miss., Sept. 11.—Brookhaven, Miss., Sept. 10.—The 8-year-old son of William Hennington shot and killed his 12-year-old brother. The boys were playing with a revolver when the accident occurred.

Brunswick, Ga., Sept. 11.—Cumberland Island has been leased to a club of 12 Atlantans, who have hunting and fishing privileges. They will use the Cumberland hotel for a club house this winter.

MANY LOSE LIVES IN TERRIFIC LANDSLIDE

Estimated That 255 Persons Were Buried Alive.

50 BODIES ALREADY RECOVERED

Mountain Broke Away and a Sea of Semi-Liquid Mud, Sand and Rocks Swept Down on Township and Completely Obliterated It.

Tiflis, Sept. 11.—Practically without warning the side of a mountain rising above the township of Kwareli broke away and in a sea of semi-liquid mud, sand and stones, swept down on the township and overwhelmed and obliterated it.

Some 255 persons have been buried alive.

Fifty bodies have already been recovered from the mire, which is about 6 feet deep. In addition to the lives lost, countless head of cattle perished and the crops were destroyed.

Kwareli township occupies a site of 5 kilometers in the district of Kelowa, in the Caucasus.

Similar disasters are of common occurrence in the Caucasion valleys.

Interest in Convention Is High.

Dayton, O., Sept. 11.—Interest in the Republican state convention which meets here Tuesday and Wednesday, is high, although few delegates have arrived. The question of an endorsement of President Roosevelt and the two United States senators and the contest over the chairmanship of the state executive committee, have aroused the whole state. Senator Dick today claimed nearly two-thirds of the delegates for chairman, but other candidates still maintain their reports indicate opposite results. The differences between president Roosevelt and the senators over various executive matters at Washington leads to a doubt as to whether the same endorsements could be given the present senators as has been given heretofore. Myron T. Herrick, who was defeated in his contest for re-election as governor last fall will be the temporary presiding officer.

Count Gives Up All for Shop Girl.

New York, Sept. 11.—A morning paper says that Count Hans Ferdinand Von Hochberg, heir to the Duchy of Rohnstock, an officer in the kaiser's body guard, nephew of Princess Marie von Saxe-Weimar, married Sunday at Aasining, Louise Ernestine Carow, a German shop girl, whom he had summoned here to wed and in so doing severed the ties that bound him to his family, his regiment and his associates in Germany. The ceremony took place in a boarding house, and Rev. Dr. McWilliams, of the Aasining Presbyterian church, officiated. A civil ceremony, it was announced, had been performed in Gerfany two years ago.

Lit Own Funeral Pyre.

Chicago, Sept. 11.—A dispatch from Mineola, Tex., says that in an effort to burn his way out of jail, Silas Johnson, a negro, lit his own funeral pyre. He was cremated while a mob surged around the jail watching his last agonies through iron window bars, but unable to save him. Johnson was arrested on a charge of drunkenness and started a fire in the prison, hoping to burn his way out. The fire got beyond his control and the turnkey could not be found until too late. Axes and sledges had no effect on the stout iron-barred windows and doors, and the crowd had to stand by and witness the negro cremated.

Fight Sabre Duel.

San Sebastian, Sept. 11—As the result of a violent scene over a trifle at the hotel Palais, the Marquis Vivans, King Alfonso's master of horse, and the Duke of Andria fought a duel with sabres at dawn Monday morning. The marquis received a cut in the head and the second stopped the fight. Previous to the encounter the marquis handed his resignation to the king. The seconds were well known members of King Alfonso's

N. A. CALLISON WILL BE FAIR MANAGER

Was Named by Board of Comty Commissioners Tuesday.

SELECTION WAS UNANIMOUS

Joint Meeting of County Commissioners and County Fair Association Was Harmonious, and Many Questions Relative to Fair Were Discussed.

In compliance with the order issued by the Board of County Commissioners a few days ago, the commissioners met at the court house Tuesday afternoon for the purpose of conferring with the members of the Alachua County Fair Association and the citizens generally in the matter of adopting a system of work in securing exhibits for the coming State Fair, which is to be held in Tampa in November, and the display of same.

As has already been announced, the commissioners at their last regular meeting passed a resolution to the effect that the county would participate in the Fair, and appropriate a sufficient sum to defray the expenses of securing and displaying exhibits.

Unfortunately there were not as many members of the County Fair Association present as had been hoped for, probably owing to business matters which detained them. The business for which this meeting was called, however, was transacted very satisfactorily.

Hon. H H McCreary was called to the chair and called the meeting to order, and explained its purpose. Secretary W. W. Colson of the Fair Association was also present.

After considerable discussion in the matter, a motion prevailed that the commissioners appoint a general commissioner, and that each commissioner appoint a sub-commissioner from his district, the latter to work under direction of the board and the general commissioner.

The board went into session after the adjournment of the joint meeting, when N. A. Callison was unanimously chosen as general commissioner. The selection is a good one, as Mr. Callison is a hustler.

I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by all druggists.

Obituary.

Again has the sad Angel of death visited our city, this time taking for his own Captain A. W. G. Torbert, one of the oldest residents of the county, being in his seventy-seventh year.

Deceased was born in Upson county, Georgia, June 1, 1830, removing with his parents to Alabama when but six years old; residing there until 1881, when he came to Florida, settling at Arredondo, this county, until two years ago he removed with his family to Gainesville.

Captain Torbert was married three times. First, to Miss Virginia Perry in 1851, then in 1872 to Miss Cordelia Ligon and the last time in 1890 to Mrs. Kate Ellis Ramage.

While the death of this noble man was no surprise, owing to his advanced age, and that he had not been in good health for some time, owing to having had a stroke of paralysis in June from which he never recovered, it was nevertheless received with profound sorrow by every citizen of Gainesville, and especially those who knew him best. Deceased is survived by his wife, one son, W. L. Torbert of West Palm Beach, two daughters, Mrs. Georgia Thompson of Madison, and Katie Torbert of Gainesville, to whom the sympathy of the community is extended.

The funeral was held from the residence, 201 E. Arlington street, at 10 o'clock Monday. Rev. E. W. Way of Dalton, Ga., officiating.

The floral offerings were numerous and handsome, showing the high esteem in which the deceased was held. The interment was in Evergreen cemetery. A large number of relatives and friends followed the remains to their last resting place. The following gentlemen acted as pall bearers: Messrs. John Chesnut, G. W. Hyde, S. M. Mixson, S. J. Burnett, Ferdinand Bayer, A. L. Hartman.

The deceased was a member of Stone Wall Camp, Confederate Veterans, and had served as captain of company D in the forty-fifth Florida regiment in the civil war, until wounded in the battle of Atlanta. He was never able to re-enter the service again till the close of the war. A FRIEND.

UNIVERSITY HIGH SCHOOL.

Will Open Monday, October 1, With a Full Corps of Teachers.

Preparations are being made for the opening of the fall term of the University High School, which institution will begin its term on Monday, October 1.

The grounds are being cleaned up, the building is being put in first-class condition, and altogether there is going to be a general "cleaning up."

The faculty of the University High School, which has always borne the reputation of being one of the best and most up-to-date of its kind in the State, will retain that reputation the coming year. Prof. Tom F. McBeath, who last year was assistant principal, will be at the head of the school this year, and he has associated with him as competent a corps as ever taught in the public schools of the county.

In speaking of the coming term a day or two ago, Prof. McBeath stated that he felt greatly encouraged over the prospects. Gainesville is rapidly growing, and each term the attendance is larger than the preceding one. Inasmuch as this is a fact, and new residents continue to come, it is no more than to be expected that the increase will be larger than ever the coming year.

Prof. McBeath is recognized as one of the leading educators of the State, and will, without doubt, make a big success of the school.

The following will be the faculty of the school: Prof. Tom F. McBeath, principal; Miss Gussie Miller, Miss Mary Trotter, Mrs. W. P. Coffey, Miss Serena Shannon, Mrs. A. M. Cauthon, Miss A. E. DaCosta, Miss Florence Balis, Miss Cylia Kennedy, Miss Mabel Sanchez, Miss Maude Lewis.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." COL. SID. TAPP GOES FOR ROCKEFELLER

Writes a Book Handling the Old Man Without Gloves.

CALLS JOHN A BIG THIEF

In Fact, "The Greatest Thief On Earth"—Former Gainesville Lawyer's Work Puts "The Jungle" Away Back in the Shade.

Hon. Sidney C Tapp, for a time a member of the law firm of Finley & Tapp of this city, but now of Atlanta, has come into prominence as an author—an author peculiar to the regular line of authors who write love novels and thrilling detective stories.

Col. Tapp has written and published a book entitled "The Struggle," which is said to have put that famous work on the same line, "The Jungle," which created when published so much sensation in the commercial world, away back in the shade.

"The Struggle" handles John D. Rockefeller, whom the author calls "the greatest thief and hypocrite on earth," without gloves, neither does he spare other magnates who have been running the country and the people for ages.

Col. Tapp is a graduate of the University of Chicago, which is supported largely by the Rockefeller millions he attacks so venomously in his book. He was presidential elector from Georgia on the Democratic ticket in 1904, and is the author of the "Story of Anglo-Saxon Institutions," which is now used as a text book in American and European colleges.

Town Marshall Fatally Shot.

Hopkinsville, Ky., Sept. 11.—John Dickinson, aged 33 years, town marshal of Trenton, was shot and fatally wounded by Godfrey Ray, negro, who he attempted to arrest for wife-beating. Ray escaped after bloodhounds had followed his trail 6 miles. Hundreds of armed men are seeking him, and if he is captured, lynching is believed to be certain. Dickinson was one of Todd county's most popular citizens.

JUSTICE COLMAN'S COURT.

E. J. Bayer, Arraigned For Shooting Quail, Was Discharged.

There was an interesting session of Justice Colman's court Monday. This case was especially interesting to sportsmen, as the defendant, E. J. Bayer, was arraigned upon a charge of shooting quail out of season, which is a very serious offense in this section of the country.

After hearing the evidence in the case, the defendant was fined $25 and costs. Notice of appeal was then taken upon the grounds of a technicality of the law, the defense reminding the Justice that he had neglected to ask the witnesses, as provided by the statute, "in what State and county the offense occurred."

It was a little unthoughtful of the Justice—but it was a technicality which held, and the case was dismissed.

Conductor Is Stabbed by Negro.

Savannah, Ga., Sept. 11.—George T. Sullern, a conductor of the Savannah Electric company, was fatally stabbed by a negro passenger on his car. The negro escaped after the cutting. Sullers and several negroes had a controversy on a Habersham street car. One of the negroes drew his knife and stabbed Sullers in such a way that the conductor cannot live. The cutting created the most intense excitement among the passengers on the car and in the vicinity in which it occurred.

HOUSE BLOWN UP AT NEWBERRY

Stick of Dynamite Destroyed Home and Wounded Woman.

ONE OF HER LIMBS BROKEN

Woman's Face Was Also Terribly Lacerated, But Man Was Comparatively Uninjured—Couple Were in Bed—No Clue Yet to Perpetrators.

Information comes from Newberry that a house occupied by colored people was dynamited in that town on Monday night, and a portion of the building was completely wrecked.

A stick of dynamite was placed under a sill of a room in the rear of the building occupied by a man and a woman, and a few moments later the explosion occurred. It is said that the woman sustained serious injury, one limb being broken at the thigh, and terribly shattered. Her face was also horribly lacerated, and she was in a critical condition when taken to the physician, where surgical attention was rendered. The man escaped comparatively uninjured, although he was pretty well "bunged up" about the face and head.

No cause for the act is known, unless it might possibly have been a case of jealousy where a woman was the principal character.

The officers so far have been unable to ascertain any clue to the perpetrator or perpetrators.

The names of the occupants of the house could not be learned. Several attempts were made to reach Newberry parties by telephone Tuesday, but to no avail.

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Mrs. J. W. Lang and Mrs. S. Frake

Of all the diseases known, with which women are afflicted, chronic kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Lydia E. Pinkham, early in her career, gave exhausive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing-down pains, scalding or burning sensations or deposits in the urine, unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back, running through the groin, she may infer that her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is.

Mrs. Samuel Frake, of Prospect Plains, N. J., writes:

Dear Mrs. Pinkham:—

I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me. When I first wrote to you I had suffered for years with what the doctor called kidney trouble and congestion of the female organs. My back ached dreadfully all the time, and I suffered so with that bearing-down feeling I could hardly walk across the room. I did not get any better, so decided to stop doctoring with my physician and take Lydia E. Pinkham's Vegetable Compound and I am thankful to say it has entirely cured me. I do all my own work, have no more backache and all the bad symptoms have disappeared.

I cannot praise your medicine enough, and would advise all women suffering with kidney trouble to try it.

Mrs. J. W. Lang, of 626 Third Avenue, New York, writes:

Dear Mrs. Pinkham:—

I have been a great sufferer with kidney trouble. My back ached all the time and I was discouraged. I heard that Lydia E. Pinkham's Vegetable Compound would cure kidney disease, and I began to take it; and it has cured me when everything else had failed. I have recommended it to lots of people and they all praise it very highly.

Mrs. Pinkham's Standing Invitation.

Women suffering from kidney trouble, or any form of female weakness, are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant before her decease, and for twenty-five years since her advice has been freely given to sick women. Out of the great volume of experience which she has to draw from, it is more than likely she has the very knowledge that will help your case. Her advice is free and always helpful.

Hon H. A. B. McKenzie, editor of the Palatka Times-Herald, is "doing" New York. It is to be hoped that he will not be "done" during his stay in that great city.

If the defaulting bank officials would only kill themselves before stealing the money of depositors, they would spare both themselves and the depositors a great deal of misery.

It is the intention of the government to secure as many masks of eminent men as possible to be placed in the National Museum. Good scheme. Get the masks of Messrs. Platt, Quay, Odell and others have worn so successfully for years.

Duval county will be represented at the State Fair with an exhibit, the county commissioners having appropriated $1,000 for the purpose of defraying the expense. The exhibit will be in charge of a superintendent selected by the commissioners.

The people of Alachua county deeply sympathize with Hon. John G. Dampier, chairman of the Board of County Commissioners, in the death of his venerable and beloved father, Mr. Stephen Dampier. He was a veteran of the Civil War and one of the oldest and best citizens of Alachua county.

A preacher at Binghampton, N. Y., has a phonograph which preaches sermons, and it is said that in the future many ministers will preach regularly to their congregations by this means while on their vacation. It may be all right for preachers, but what if the stand pat spell-binders should get at it? What if that everlasting old hoax about protection to American labor, with all its variations, should be cooked up for use by phonograph, and spouted on every street corner during the campaign, whose ears would be large enough and long enough to endure the strain?

VOTE AGAINST THE AMENDMENT

The proposition—as laid down in Governor Broward's veto of the bill passed by the last Legislature repealing the Trustees of the Internal Improvement Fund to turn into the State treasury all funds in their hands or that they may hereafter receive from the sale of state lands—that the Legislature is not clothed with power to segregate the actions of the subordinate Board, is the most silly argument that has emanated from the present administration. The Governor contends that though the Internal Improvement Fund Trustees were created by act of the Legislature the latter has no power to abolish the office or say how the affairs of the Board shall be conducted. In other words the Board is perpetual, with no responsibility to the legislative branch of the government. But if this be the case, why did they ask for the passage of the drainage law? Why did they not go ahead with their drainage scheme on their own responsibility?

The Trustees sell the State land, without giving public notice, at whatever price they see fit, and to whom they choose, thus giving opportunity to show favoritism to friends of the administration at the expense of the people.

Should the people adopt the Constitutional Amendment making these Trustees a Drainage Board they WOULD then be clothed with additional powers, without responsibility to any other branch of the Government, and could build up in Florida a political ring that would put the South Carolina dispensary ring to shame.

Will the people do this?

We believe not.

REPUBLICAN CAMPAIGN CONTRIBUTIONS.

It's pretty strong proof that the Republican leaders of the House of Representatives, when they deliberately killed the Senate bill to prevent corporations from contributing to political campaigns, expected corporations to contribute in the future as in the past. The Republican leaders did not wish to kill the goose that lays the golden eggs.

The question will soon be asked to see the accounts of all political parties and know just who contributes. In the last National campaign the President assured the country that Judge Parker's charge of corporation contributions to the Roosevelt campaign fund was—well groundless—but the life insurance investigation proved that Mr. Roosevelt was mistaken.

From appearances of the palatial headquarters in New York and from the extravagant expenditures of the Republican Congressional Committee, the corporations must be up to their old game of secretly making contributions, but of course Mr. Roosevelt knows nothing about it, though he has taken personal charge of the campaign. These corporation magnates are slippery fellows, and Morgan or Rockefeller's man will slip into the strong box $50,000 at a lick if Mr. Roosevelt does not keep his weather-eye open.

It is highly probable that the next Legislature will give the Railroad Commission authority to regulate rates charged by express companies in this State. The rates are outrageously high for the service rendered, and now that the Interstate Commission has been clothed with power to regulate charges of express companies doing an interstate business, the Florida Railroad Commission should be given similar power to regulate rates within the borders of this State.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

An American and a Porto Rican, employed as "United States customs collectors in Santo Domingo," were lately killed in that country by natives. There is no law or treaty by which Americans have any right to act as United States collectors of customs in Santo Domingo. The men who were killed, as such, were, therefore, mere trespassers; but our government is responsible for the tragedy, because they were acting under orders from Washington. Why should the administration be allowed to place our citizens in the position of pirates and poachers?

One of the life insurance saints who helped to elect Roosevelt by contributing the money of the policy-holders to the Cortelyou war chest in 1904, now says that the directors of the international policy-holders' committee are mere "chiefs" and "small potatoes." He must have been reading Theodore Roosevelt's books about Populists, small farmers, mechanics, laborers and the men who established this Government of ours. He talks like Teddy.

A little co-incident happened in our office last week. Our printer, Mr. Austin, was copying an article from the Quincy Dispatch published here dated May, 1861, and strange Mr. Austin, who is now with us, set up this very same article in 1861, here in Quincy. How time flies, so Mr Austin remarked.—Quincy Times.

ORGIA COTTON WILL BE SHORT

plaint General That Plant Is Poorly Fruited.

tlanta, Ga., Sept. 11.—Crop con-ns in Georgia have improved ewhat during the last week, and more favorable than they have for some time. The improved her conditions, while they came me for better results at the close e season, were too late to bring Georgia crops up to the usual tard. The cotton in many parts e state is small, with scant yield ven in many places where there large weed, the bolls are scarce. Picking is generally now over in outhern and middle Georgia, and as begun in some sections of north eorgia, the first bale having been eceived in Atlanta about five days go. There has been nothing to hange the 70 per cent average put pon the Georgia crop last week by he department of agriculture, and here appears to be no doubt about he fact that the Georgia crop will e materially short as compared with he crops of the western cotton grow-ng states.

There has been a good yield of orn throughout the state. In fact, eorgia's corn crop this year has een one of the best ever known. ther crops throughout the state are onsiderably short of average condi-on.

"HIGHLY RECOMMENDS CUTICURA SOAP"

"I had been troubled with a breaking out on my face and arms for almost a year and had the services of several physicians, but they didn't seem to do any good. I can highly recommend Cuticura Soap as being the very best complexion Soap made. It creates a perfect complexion, leaving the skin soft, white, and velvety. I now use Cuticura Soap all the time and recommend its use to my friends!" Maud Loggins, R. F. D. No. 1, Aug. 1, 1905. Sylvia, Tenn.

Prefers Death to His Shame.

Butte, Mont., Sept. 11.—Leaving a letter, in which he said that he could no longer bear the shame brought upon him by the alleged defalcations of his son, J. S. Wisner, of Anaconda, public administrator of Deer Lodge county, committed suicide in a Butte lodging house by swallowing strychnine. In connection with the failure of the real estate insurance bank of Anaconda, which is alleged to owe its customers $100,000, the son of the suicide, G. E. S. Wisner, is now in jail charged with various offenses in connection with the failure of the institution. The elder Wisner induced many of his Grand Army of the Republic friends to invest in the failed bank.

AZTEC ARCHITECTURE.

Wonderful Endurance of the Old Mexican Buildings.

The Mexicans or the Aztec Indians can give the people of the United States lessons in architecture and in solid construction of buildings. There are buildings standing today in the City of Mexico that have stood for three centuries and are in an excellent state of preservation. There is not a frame building in the city. There are a few adobe, but most all are stone, brick or cement. There is a brick building down in the old part of the town that was erected prior to 1450.

It shows that so long ago as that the Indians were experts in the manufacture of bricks. But probably 80 per cent of all the buildings are made of concrete cement. Cement and concrete have been used successfully in Mexico for 500 years, and all the cathedrals and churches are of that material. On the line of the Vera Cruz Pacific can be seen the ruins of Toro Bravo, where there are evidences of a city ruined centuries ago. There are some twenty pyramids of solid cement which must have been erected over 500 years ago. One of these pyramids is 170 feet in height, and on the summit rests a cement ledge thirty feet in diameter. This, as well as others, is of filigree work and carved statuary.

Near this stands another of white limestone, built in four terraces, with carvings and ornamentations which would put to shame the modern American sculptor. It has stood all these centuries, yet the limestone is much easier broken than the cement. Think of a town of almost 400,000 persons, and the fire record is three in one year. The inside walls of many of the buildings are as much as six feet through, and all buildings are built around courts. There is no provision in any of them for fires, and at the present time small coal oil stoves are selling in the city for $20—the same that sell for $3 in the states. The floors are of stone, the ceilings of filigree cement, the walls of course plaster and almost without exception hand painted. The architecture on many buildings in the republic shows that the Indian of centuries ago was ahead of the modern builder of today.—Hobart News-Republican.

REFRIGERATOR RULES.

Use clean, flat dishes to hold whatever is on the lower shelves.

Buy your ice in pieces as large as can be accommodated. This is much more economical than to buy small ones.

Be careful not to fill dishes too full so that they will spill over. If anything is spilled, don't fail to wipe it up immediately.

Pack the ice well together and do not wrap it in paper or cloths; instead, keep the door of the ice chamber shut as much as possible.

Do not put food of any sort directly on the ice. If it is absolutely necessary to place it near the ice, see that it is in glass or porcelain.

Empty the refrigerator at least once a week; scrub the interior thoroughly, then scald the ice chamber and drain-pipe with boiling water in which a lump of soda has been dissolved; follow this with clear boiling water; wipe dry and let it air for twenty minutes.

Great Men's Childhood.

"Many great men," said a psychologist, "gave signs of greatness even in their childhood. Mozart at the age of five composed a piece of music so difficult that his father, a professional musician, had some trouble in playing it.

"Macaulay before he was eight wrote the 'Compendium of Universal History, Being an Account of the Leading Events From the Creation Down to the Present Century.'

"Hartley at seven wrote a long and abstruse essay on the 'Nature of Man.' Bacon at nine finished a work on philosophy. Milton at twelve wrote two epics.

"On the other hand, Goethe, Steele, Dr. Johnson, Wagner, Voltaire, Tennyson, Poe and Fenimore Cooper were deemed stupid in their childhood."

The Breath of Life.

It's a significent fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

Card of Thanks.

AT THE TENT THEATRE.

"Under Two Flags" Presented to a Large and Appreciative Audience.

"Under Two Flags" was the bill in the Park tent last night, and proved to be a most pleasing performance. The drama follows the story of Ouida's novel as closely as dramatizations ever do, and was made, so it is said, by one of the ladies of Mr. Park's company.

"Cripple Creek" will be done tonight, and it is said to be a thriller, especially the end of the second act, which is a most daring effect of the acrobatic order, and one rarely ever attempted on any stage.

Much special scenery is promised for this play.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Plans Electric Line to Atlanta.

Gainesville, Ga., Sept. 11.—From what appears to be good authority, it is learned that the electric line from this place to Atlanta, promoted chiefly by Captain H. D. Jaquis, of Gainesville, is now practically assured. While the management is reticent in divulging details of their plans which might retard the enterprise, it can be stated that money in ample quantities is in sight. Much has been done toward securing power, sites and rights of way, and only the active cooperation of Gainesville people and those along the proposed route is needed for speedy consumation of the project long talked of.

Delaware Negro Attacks Women.

Wilmington, Del., Sept. 11—As Mrs. Beatrice Franish and her daughter, Miss Gussie Leitch, were driving from Hockessin to Brandywine Springs Park, a negro threw a stone which struck Miss Leitch on the head, rendering her unconscious. The negro then attempted to assault Mrs. Franish, who successfully fought him. A posse of farmers and detectives are scouring the country for the negro. The condition of the woman is serious. The scene is near where the negro White was burned at the stake two years ago.

Va., where he has taken a position in the dispatcher's office of the Norfolk and Western. The news came in a message to his father, all previous efforts to locate him having proved futile. His accounts are found to be straight and no cause is known for his strange action.

A River Steamer Founders.
